

# 2012 Unite Education Programme

## Unite Education

Unite is a union establishing new traditions and structures relevant to the needs of our members who are currently experiencing life in the modern workplace. Unite is dedicated to serving the best interests of its members and will seek to improve their standard of living and the quality of their lives through effective relationships with employers and government and sustainable workplace organisation.

Unite's vision is of a prosperous society in which employers and employees work together to build successful businesses and safe, healthy working environments. All those who contribute to their success receive the rewards, respect and recognition they deserve. That's why Unite Education has at its

core the delivery of our union's policies based on the three pillars of the Unite vision: organising, global solidarity and politics. This vision is reflected in our Education Programme where training our representatives is a key priority of the union. The development of workplace reps, safety reps, learning reps and equality reps is essential in order to give the support that our membership needs and expects; and that the union is committed to providing. Unite Education provides focused education to ensure that representatives have the required confidence, attitude and skill set to deal with workplace, national and international issues. This empowers our representatives to win in the workplace, successfully campaign, organise for growth and promote dignity and respect.

When it comes to education, Unite puts its money where its mouth is – providing accredited 'fit for purpose' education programmes that are easily accessible, cater for differing learning styles and are free to access all over the United Kingdom and Ireland.

So please take advantage of our courses and enjoy yourself,  
In solidarity

## “Policy for Unite Reps’ expenses when attending Education Courses”

This policy was agreed by your Lay Member Executive Council in the context of getting as many reps on our Unite courses as possible. If you have exceptional needs we’ll do our utmost to accommodate this.

### **LOCAL PROVISION**

The Education Organisers and their staff colleagues will to their utmost to ensure that students are placed in the most local course and, if that is not possible, then the rep will be directed onto the most cost-effective location of their chosen course – even if that may mean travelling into a neighbouring Region.

### **MEAL ALLOWANCE**

Every effort will be made to provide a buffet luncheon on all Unite Courses; and in the event of a buffet NOT being provided then our meal allowance of £5 per day will be paid.

### **TRAVELLING EXPENSES**

Common sense will be applied to all claims for TRAVEL to education courses. For reasons of achieving our objectives and good value, all claims for travel need to be made IN ADVANCE to the appropriate Education Organiser, who are tasked to exercise discretion based upon their intimate knowledge of our programme of courses and the local geography.

- (i) By train (or bus for local travel) – rail travel will either be booked by the union in advance, a rail warrant provided or reimbursed to the members up to standard (2nd) class fare (receipt required). Receipts will not be required where not commonly available or impractical (e.g. Tube, local bus, etc.) but the member must detail separately each journey and fare paid for non-receipted travel.
- (ii) By car – for those who have no alternative but to travel by car – a rate of 40p per mile will apply to the equivalent standard class rail i.e. no one’s travelling expenses for a car journey can exceed that which the union would have paid for the same journey by standard class rail.

Where several members travel in one car, only one member will be reimbursed.

- (iii) By air – air fares will only be appropriate on the basis that the Officer authorising the expenditure considers that either the distance involved, the start time of the meeting coupled with the alternative higher costs of overnight accommodation, make air travel the best practicable means available. Air travel should generally be booked via the union and where this is not possible or practicable then receipts must be provided. Again, this has to be agreed in ADVANCE by the Education Organiser.

### **PAID EDUCATION LEAVE/LOSS OF EARNINGS**

On those very rare episodes in which it is AGREED with the Sector National Secretary and the Director of Education that an individual NEEDS to be reimbursed for loss of earnings then loss of earnings – in the absence of funding being available from the Sector – will be paid by the Education Department.

- (a) To be paid “loss of earnings” only the Director of Education has the authority to sign off.
- (b) For education courses, loss of earning will be the Unite’s Statutory Rate per day.
- (c) For TUC (and other) courses, expenses for Unite Reps will only be met if AGREED IN ADVANCE by the relevant Unite Education Organiser.

So please enjoy your education course and if you have any queries, please contact your Education Organiser.

**Jim Mowatt**  
Director of Education.

**IT'S EXTREMELY IMPORTANT THAT YOU READ THE INFORMATION GIVEN BELOW**

Before applying for a course would you please ensure that your Regional Officer has been notified of your election/union position as this helps to alleviate problems at a later date which may delay your application. Once we have received your application form we will confirm in writing whether or not you have been allocated a course place. It is up to you to secure your paid release. Employment legislation entitles you to payment of wages etc. for training you undertake that is connected with your trade union 'duties' (negotiating, representing people etc.). However, if you have been told by your employer that you will not receive paid release, you must raise the issue with your regional officer before you attend the course. Unite Education is not responsible for obtaining your paid release.
