
COMMUNITY PRACTITIONERS' AND HEALTH VISITORS ASSOCIATION Professional Expertise Database Form

There are many requests on the professional team to represent our members' views on all areas of the professional agenda.

We need to be able to call upon members in practice who have experience and up to date knowledge in these specialist areas and are able to represent practitioners' views.

We will use the database to contact members to help us:-

1. Respond to consultations
2. Liaise with other members with similar professional interests
3. Contribute to briefings, factsheets and guidance for practice produced by Unite/CPHVA
4. Respond to media requests for practitioners views (via the professional officer team, not personally)
5. Advise professional officers so that they can help members with specific areas.

If members wish, they can put themselves forward to represent Unite/CPHVA on working parties and committees and feed back to the professional team.

In some cases this will involve working with confidential information. Your personal details will not be passed on to any third party without your permission.

If you are interested please complete the form and return to:-
