# Join a union with 1.4 million members

Join a union that campaigns on what matters to you. Join **Unite Community**. You're stronger with 1.4 million people on your side

## Fighting Welfare cuts

The Tory Government's cuts to welfare run deep and Unite Community will oppose the way the axe is falling in Northern Ireland. Punishing the unemployed for unemployment is unfair and forcing people into food banks and relying on charity is not how the sixth richest nation should look after its people. We stand up for people whose benefits are under threat. Unite Community members support each other and we train members to assist in helping members appeal against benefit sanctions. We oppose workfare and other attacks on the unemployed.

## Campaigning for our communities

Unite Community also leads local campaigns, saving our public services, highlighting issues like that are plighting our communities such as the high levels of suicides among young people. We fight for a properly funded NHS and support our local schools and libraries. Where poverty and hardship lead to foodbanks in our communities we've made donations to them and set up clothing banks.

## Join Unite Community

If you're unemployed, a carer, a volunteer, student or retired, Unite Community membership is for you.

Unite Community membership costs just 50p per week. Across Northern Ireland Community members come together in groups and meet up to take action together for issues they feel passionately about. Join us and get involved.

There are lots of ways to get involved and a great range of free education courses from public speaking and campaign training to social media and community organising. We also offer welfare rights training.

Our members chose what issues they campaign on, join and shape your community.
