

Unite in Construction

DEFEND THE BLUE BOOK

Unite the union is demanding that employers stick to the Blue Book (NAECI) agreement and **stop cutting pay and terms and conditions.**

The union and its members in engineering construction will not sit back and allow employers to cut our long-fought for agreements.

The terms and conditions of the Blue Book should apply in every site and Unite will fight tooth-and-nail to ensure this happens. We will not allow employers to disregard health and safety.

**Support your union and
DEFEND THE BLUE BOOK.**
