Say **NO!** to the Bedroom Tax

Fighting the Bedroom Tax

Are you worried about the Bedroom Tax?

Thousands of social housing tenants are going to lose housing benefits if they're deemed to have a 'spare' room. Parents with part custody, disabled people, or teenage brothers or sisters who'll be forced to share, will be hit. Rent arrears mean the threat of homelessness.

Unite the Union's local community group is organising a meeting to allow all concerned in this area to find out more and talk about what we can do.
