

**Do you know what politics  
is missing right now?**

**YOU.**

**The Labour Party needs people like you.  
Because people like you –  
Unite members – bring Labour to life.**

With your help, we can make sure that Labour  
works for the changes we all want.

Get involved today. Text PARTY to 86888 or go to

unite  
the UNION

**The Labour Party needs  
people like you.  
Because people like you  
– Unite members – bring  
Labour to life.**

**Trade Unionists breathe life into the Labour Party;** we were there when it was formed and the active involvement of ordinary men and women who know what it's like to live in '**Austerity Britain**' gives a voice to those communities who have been hit hardest. **And Labour is listening;** your experiences are helping to form policies that can make a real difference.

But there can never be enough trade union members in the Labour Party which is why Unite has a policy of actively encouraging **all members** to join and get involved. It doesn't cost much as Labour has significantly reduced membership fees for trade union members; just **£15** for the first year and **£23.50** after that – less than **£2 a month**.

When you join, we'll link you up with other trade union members in your constituency party (CLP) who can help you find your feet.

**So sign up today, get  
involved and make a  
difference!**

The logo for Unite the Union, featuring a stylized white flame or wave above the text "unite the UNION".
