The meeting started at 3.00 pm:

Since the meeting was almost entirely given up to costing and planning the seminar, there is very little to report. The following action points were decided:

GM will continue organizing the speakers.

GB's draft programmes (containing the information suggested by AM including how to register and by when) will be circulated to SG so that each organization can inform its own members.

LW is to receive e-mail requests to register to attend the seminar. Address for this purpose Lalia2NUPIT@aol.com

The survey to be agreed and made available by the 25th of January and replies requested on or before the 15th of February.

We will each consider whether a question about the NRPSI should be included in the survey and let Involvis know by e-mail.

Final decisions about finances and catering have been held over until the next meeting and timetabling of the event will be discussed once the identity of all speakers is known.

At this meeting it was also decided to include the figure 4 in the campaign's name: "PI4J".
